# The UCR Student Affairs Case Manager

*Helping students in need. Helping students succeed.*

Every year, university students struggle with mental health related issues that interfere with their academic and student life success. The **UCR Student Affairs Case Manager** provides referrals, linkage, problem solving and advocacy to campus and community resources in order to support UCR students.

**“I’m here to help when a student seems in distress or has issues that are preventing them from meeting their academic and life goals.”**

*- Sarah Pemberton, MSW, LCSW, Student Affairs Case Manager*

## When to contact the Case Manager.

Students can contact the Case Manager when they are having difficulties in relationships, academics, conduct, mental health, managing family demands, or overall emotional health. It is often difficult to determine when a problem is serious enough to need support. So don't hesitate to make an appointment with the Case Manager in matters of this kind.

## Other Case Manager responsibilities:

The **Student Affairs Case Manager** also works:

- to develop effective policies for a campus-wide response to mental health issues.
- in partnership with **The Well** and the UCR Mental Health Initiative to support programming to better inform students about mental health issues on campus.

Anyone can refer a student to the **Student Affairs Case Manager**:
